**Manatee Community College
Corporate & Community
Development**

mccfl.edu/KIDS

MCC is an equal access/equal opportunity institution.

All Around the USA - Travel cross-country, stopping at five places to discover interesting facts about them and what makes them special. Where would you like to stop?

Ancient Times - Study about different countries, their people and their past. Maybe you'll build your own pyramid.

Arts and Crafts - Learn fun crafts and work on a new project each day, from sand art to junk art and everything in between.

Beading - Make fun projects, jewelry and gifts using various beading techniques and stitch designs.

Best Babysitters - Learn games to play, stories to tell and how to handle an emergency so you can be the best babysitter.

Budding Chefs - **Supply fee: \$5.** Make a different, delicious food to sample each day. Class size is limited to 12.

Bugs and Dinosaurs - Learn about bugs and dinosaurs, when and where they lived and what happened to them.

Card Design - See how creative you can be! Design greeting cards for every occasion.

Clay Creations - Create artwork out of clay that you make yourself.

Computer Camp - Hands-on instruction helps students improve their computer and typing skills while having fun. Learn to maneuver on the Internet and how to find answers to those hard-to-solve questions. Make a PowerPoint presentation or create and activate your own Web page.

Crazy Collages - Bring your favorite pictures and make collages to hang on your walls or give as presents.

Crazy Math - Did you know there is magic in mathematics? Find easy ways to use mathematics and increase skills.

Drama Kings and Queens - Direct and perform your own play. Find out just how talented you are.

Drawing - Try your hand at drawing with different mediums. We'll use pencils, chalk and paints as you learn basic drawing techniques.

Everybody Dance - Learn different dance moves each day and see if you are the next dance star.

Every Day is a Holiday - Learn about holiday customs, crafts and foods as we celebrate a different holiday each day.

Gross Chemistry - How can something be solid and watery at the same time? Find out how to make gooey, icky things from items Mom has around the house, rather than in the chemistry lab.

Icy Wonders - Have you ever wondered why no two snowflakes are the same? Let's look into snow, icebergs and everything in between.

Jewelry Design - Create lovely one-of-a-kind jewelry. Explore the creative possibilities in designing and making unique earrings, pins, necklaces and more.

Junior Journalist - Join the junior news team and report on daily happenings. Are you camera shy? You'll find out.

King of the Castle - Learn all about castles and what makes a king...a king.

Let's Get In Shape - Wear your tennis shoes and comfortable clothes for a fun workout. Let's see how good of shape you are in.

Movies, Then and Now - Discover some of today's movies that are remakes from the past. View a couple of movies and discuss what is different and what is similar. If you were the producer, what would you do differently?

My Very Own Story - Write and illustrate your own story. Use your imagination and become an author.

Night Creatures - Why do bats come out at night? Why does your cat keep you awake at night? Some animals have an inner clock that is opposite from yours. Find out what and why.

Origami - Learn to make animals and other things out of a single sheet of paper. Then you can teach others to make them too.

Pillow Art - Learn how to create your own pillow design. Pillows make great gifts or you can use them to spruce up your room at home!

Poets Corner - Perhaps you will become a famous writer after you learn to write different types of poetry.

Reach for the Stars - Develop and showcase your unique talent and put on a talent show for friends! Sing, dance, act...whatever you love to do.

Safari - Lions and tigers and hippos: Oh my!! Learn about Africa and its wildlife, weather, culture and beauty.

Science Factory - Explore a different aspect of science each day, including the way things move, water, bubbles, chemistry, light and color.

Snap 'em and Scrap 'em - Create a scrapbook of your favorite pictures or news articles. Bring pictures from home or a camera and take photos.

Speed Stacks - Learn this amazing sport of fitness, agility, concentration and quickness. Maybe you can be the next speed stack champion.

Summer Surprise - Our grand finale...a week of treats and special visitors.

Super-Duper Study Skills - Learn to be more organized, improve your memory and become a super-duper student—no matter what grade.

Survivor - TEAMWORK! That's the name of the game. Join in on a learning experience that requires you to depend on one another to get from one obstacle to the other. Can you survive the week? Be sure to bring a camera to take pictures of the fun.

The Big "If" - What if the sun was closer to Earth or it never rained? Answer these questions and more. Do you have a favorite "if"?

Under the Sea - What lies at the bottom of the sea? Join us for a trip to the bottom and see everything that lies between it and the water's surface. Come discover sunken treasures, volcanoes and the life of the sea.

Wedding Planner - Make plans for your fairy-tale wedding. Design your gown, invitations and menus and more.

Wide World of Sports - Play a different sport each day this week. Kickball one day and maybe volley ball the next.

Wild Wilderness - Have fun preparing for a camping trip. Create supply lists, pitch a tent and make treats for the camp-out. Learn about weather, plants and basic first aid. Share campfire stories and fun team activities.

Young Entrepreneurs (Ages 10-14) - Set up, advertise and market food items during breaks and lunch. Learn about making good investments and how to sell them.

Directions

MCC Bradenton

5840 26th Street West, Bradenton, 941-752-5203
60th Avenue West between 26th and 34th streets
Building #18, two-story building west of the gym.

MCC Lakewood Ranch

7131 Professional Pkwy. East, Sarasota, 941-363-7000
I-75 exit 213 east on University Pkwy., to
Business Blvd., then turn right (south) on Business Blvd.
to Professional Pkwy. E. Turn left on Professional Pkwy. E.
MCC Lakewood Ranch is on the left.

MCC Venice

8000 South Tamiami Trail, Venice, 941-408-1300
I-75 to Exit 191 (River Rd./GR 777), head south on River Rd.
to U.S. 41. Turn right (north) onto U.S. 41. MCC Venice is
on the left. Building #800, two-story building.

Athletic Camps

Manatee Community College's athletic department will sponsor weeklong athletic camps in baseball, basketball and more! For a complete list of all camps, pricing information and specific details, please contact the athletic department at 941-752-5261.

Computer & Technical Classes

Alternative Energy Engineering - Prerequisite: Engineering I or equivalent experience. Build cars, cranes, draw-bridges and more, and operate them using alternative energy sources.

Art of Automation - Design and create your own creatures, sculptures or 3-D art and program them for action.

Clay Animation - Create characters, stories and sets as you learn how to animate, record, download, assemble and edit movies with your clay creations.

Comic Book Workshop - Create comic books using templates, comic book fonts and Manga-Ka tools.

Creative Robotics I - Become an inventor as you design your machine, program it and start it moving.

Engineering I - Build realistic models that have simple motorized machines in this hands-on class.

Engineering II - Learn about and build more complex motorized models in this class.

Green Screen Adventures - Using a green screen and special photo-editing techniques, venture into real or imaginary locations and film the trip. Experiment with photos and drawing software to set the scene for fantastic adventures.

Lights, Camera, Action - Digital Movie Creations - Become the writer, director, actor, animator, special effects creator and editor of a movie production. Bring the final movie home for all to see.

Multimedia Madness - Develop worlds filled with wonder, sounds and animation as you write stories, construct inventions, simulate an experiment or build animated sequences.

NXT Robotics I - Build robots and program them to accomplish tasks, respond to external stimuli and overcome challenges of navigation, avoiding and/or climbing over obstacles and moving objects.

Video Game Animation I - Create characters that interact with one another. Add sound effects and music clips to create a dynamic video animation game.

Video Game Animation II - Prerequisite: Video Game Animation I. Add more action and adventures to your previous video animation game.

Video Game Design - Design, create and edit your own 2-dimensional arcade-style video game.

Wikis & Blogs - Learn to create and manage your own WIKI (a community authored Web site) and BLOG (short for Weblog) where you can share your thoughts, opinions, and more.
